

Senate 6611 and Assembly 9711
(2009-10 Deficiency Bill)

STATE EDUCATION DEPARTMENT

General Support for Public Schools (GSPS)

A deficiency of \$100 million is needed for the 2009-10 SFY to account for the planned \$300 million VLT development rights sale (\$200 million was already included in the enacted Deficit Reduction Plan). This will require an additional \$100 million in VLT Lottery funding, and a commensurate reduction in the general fund General Support for Public Schools (GSPS) appropriation.
